

PSHE /RSE at St Mary's CE Primary School, York

Intent, Implementation and Impact

Intent

The St Mary's (Kapow) PSHE / RSE scheme aims to give children the knowledge, skills, and attitudes that they need to effectively navigate the complexities of life in the 21st Century. The curriculum covers key areas which will support children to make informed choices now and in the future around their health, safety, wellbeing, relationships, and financial matters and will support them in becoming confident individuals and active members of society.

St Mary's Kapow Primary's RSE/PSHE scheme of work covers the Relationships and Health Education statutory guidance (as set out by the Department for Education), including the non-statutory sex education.

The scheme covers wider PSHE learning, in line with the requirement of the National curriculum (2014) that schools 'should make provision for personal, social, health and economic education (PSHE).' Children's learning through this scheme would significantly contribute to their personal development as set out in the Ofsted Inspection Framework and promotes the four fundamental British values which reflect life in modern Britain: democracy; rule of law; respect and tolerance and individual liberty.

Implementation

The St Mary's / Kapow Primary scheme is a whole school approach that consists of three areas of learning in EYFS: Reception (to match the

EYFS Personal, social and emotional development prime area) and five areas of learning across Key stages 1 and 2.

EYFS:

- Self-regulation
- Building relationships
- Managing self

Key stage 1 and 2:

- Families and relationships
- Health and wellbeing
- Safety and the changing body
- Citizenship
- Economic well being

Each area is revisited to allow children to build on prior learning. The lessons also provide a progressive programme.

The lessons are based upon the statutory requirements for Relationships and Health education, but where our lessons go beyond these requirements (primarily in the Citizenship and Economic well being areas) they refer to the PSHE Association Programme of Study which is recommended by the DfE.

Sex education has been included in line with the DfE recommendations and is covered in Year 6 of our scheme.

The scheme supports the requirements of the Equality Act through direct teaching, for example learning about different families, the negative effect of stereotypes and celebrating differences, in addition to the inclusion of diverse teaching resources throughout the lessons.

A range of teaching and learning activities are used and are based on good practice in teaching RSE/PSHE education to ensure that all children can access learning and make progress. In key stage 1 and 2,

there is an introductory lesson at the start of each year group which provides the opportunity for children and teachers to negotiate ground rules for the lessons. These introductory lessons can then be referred to throughout the year to help create a safe environment. All lessons include ideas for differentiation to stretch the most able learners and give additional support to those who need it. Many lessons, stories, scenarios, and video clips provide the opportunity for children to engage in real life and current topics in a safe and structured way. Role-play activities are also included to help children play out scenarios that they may find themselves in.

There are meaningful opportunities for cross-curricular learning, in particular with Computing for online safety and Science for growing, nutrition, teeth, diet and lifestyle. The scheme provides consistent messages throughout the age ranges including how and where to access help. The role of parents and carers is recognised, and guidance is provided to assist schools on how to work with them and include them in their children's learning.

Impact

Each lesson within St Mary's / Kapow Primary's scheme features assessment guidance, helping teachers to identify whether pupils have met, exceeded, or failed to meet the desired learning intentions for that lesson. Each unit of lessons comes with an Assessment quiz and Knowledge catcher. The quiz contains 10 questions, nine of which are multiple-choice and can be used either at the end of the unit or at both the start and the end to help measure progress and identify any gaps in learning. The Knowledge catchers list some of the lesson titles in mind-map or table format and can be used at the start of a unit to see what the children already know and to inform planning, and then pupils can revisit the same version of the Knowledge catcher at the end of the unit to add what else they now know, further demonstrating their progression in learning.

Once the full St Mary's / Kapow scheme has been taught, children will have met the objectives set out within the Relationships and Health Education statutory guidance and can utilise their learning within their daily lives, from dealing with friendship issues to resilience to making healthy choices and knowing where and how to get help when needed.
